

Teambuilding and celebration activities

FUN360 PHOTO BOOTH: The FUN360 photo booth is a modern device that takes original 360° videos in a matter of seconds and allows you to download and share them on social media immediately.

STOPBALL: The only one of its kind in the EU, this brandable game of perception, where players collect points within 30 seconds by pressing a button at the right moment, is fun for both children and adults.

AEROTRIM: The space simulator with three rotating rings offers a realistic simulation of weightlessness and spatial disorientation experienced by pilots and astronauts – suitable for indoor and outdoor use.

AIRBALL: A fun and interactive game with a ball carried by air currents tests the dexterity and coordination of players as they move it between cones.

AIRBRUSH: Temporary tattoos applied with an air gun and stencil look like the real thing, are safe for children, last 3-5 days, and can be personalized with a company logo or your own design.

AIRHOCKEY: This board game for 2-4 players offers fun and strategic challenges with balanced rules that guarantee a unique experience every time you play.

AQUAZORB: A fun and attractive activity in which participants move across the water surface inside a large transparent inflatable ball is suitable for swimming pools, water parks, and open water.

BUNGEE RUNNING: Soutěžní disciplína pro děti i dospělé, kde se závodník snaží doběhnout co nejdál proti odporu bungee lana a dosáhnout vyznačené mety.

CASH BOX – WHIRLPOOL: A special box with a stream of air offers players a fun challenge – to catch as many flying banknotes, vouchers, and coupons as possible within a limited time.

ELECTRIC RODEO: A multifunctional device with an inflatable mattress offers options such as a rodeo bull, surf or snow simulator, soccer ball, or human roulette with a roulette table, chips, and a croupier – ideal entertainment for a 5x5 m space.

GOBOARD: Goboard is an electric balancing vehicle controlled by body movement, stabilized by gyroscopes, suitable for children from 20 kg and adults up to 100 kg, with a speed of up to 15 km/h and for indoor and outdoor use.

GOLF SIMULATOR: The mobile golf simulator allows children and adults to practice their swings with a tethered ball, displaying the length and speed of the flight, and is ideal for use on grassy areas without obstacles.

NINTENDO WII GAME CONSOLE: Virtual games for two players with screen projection and motion control offer entertainment in the form of baseball, tennis, boxing, dancing, car racing, and winter sports.

HOVERBALL: Fun archery on floating balloons with safe arrows with rubber tips is suitable for both children and adults.

ROPE ACTIVITIES: The adventure park offers rope bridges, swings, abseiling, climbing nets, and a daring leap of faith – activities full of adrenaline and fun for everyone.

LASER SHOOTING RANGE: A modern shooting simulator with interactive projection and laser beam offers various hunting and target shooting scenarios, ideal for indoor use in a subdued environment.

LIGHT HUNTER: A trainer with light-up targets trains your perception, coordination, reflexes, and memory, and allows you to compete for the best result thanks to time and point measurement on the display.

MATRIX (REFLEX): A unique reaction game, available only in Czechia and Slovakia, measures your reaction speed to a green light in five rounds and evaluates your average time and ranking – an ideal challenge lasting about 60 seconds.

Teambuilding and celebration activities

MINDBALL: A timeless board game for two players controlled by EEG brain activity scanning trains concentration and relaxation as you try to get the ball into your opponent's goal without using your hands.

MOBILE CASINO: Experience a Las Vegas-style evening full of excitement and entertainment with American roulette, Blackjack, Stud Poker, Texas Hold'em, and a fast-paced shell game.

MOBILE DISC GOLF COURSE: Disc golf is a popular sport with a flying disc, where players try to hit a portable basket with as few throws as possible – a mobile course can be easily created in nature with suitable terrain.

MOTORCYCLES AND EVERYTHING WITH WHEELS: The children's driving school offers rides in Ligier cars, motor scooters, quad bikes, Segways, and go-karts, as well as special vehicles for the youngest children under 5 years of age – electric buggies.

PIT STOP: Changing tires on an F1 car against the clock is a fun and realistic activity where even older children can try their hand at being a pit stop mechanic thanks to lightweight tires.

F1 RACING SIMULATOR: The racing simulator in the cockpit of a car offers a realistic experience with 35 classes, 70 licensed cars, and 80 circuits – ideal for older children and adults up to 90 kg who want to try their hand at being a real racer.

2D RACING SIMULATOR: A professional racing simulator with a seat on a moving platform faithfully simulates driving, including tilting, vibrations, and pedal resistance, and offers time trials and rankings for visitors between 120 and 200 cm tall and weighing up to 100 kg.

RC MODELS: We offer remote-controlled models for all age groups – monster trucks with obstacles, road cars, miniZ race tracks, and model racing boats for water fun.

HAMMER STRENGTH METER: This strength measuring device with a sensitive sensor displays the result on the screen after the hammer strikes, allowing for accurate comparison of competitors' performances.

COW AND GOAT MILKING SIMULATOR: A fun and entertaining attraction for children and adults alike, which serves to train milking skills and provides plenty of laughter.

PROFESSIONAL BOUNCY CASTLES: An inflatable covered castle (4x5 m) for children up to 8 years old and a multifunctional attraction called Závodník (6x5 m), combining a climbing frame, slide, and trampoline for children up to 10 years old, offer safe and playful entertainment.

SHOOTING: We offer a wide range of shooting and skill activities – from archery to crossbows, Flobert guns, air rifles, knife throwing, and slingshot shooting – suitable for all age groups.

STIGA HOCKEY: A table game for 2 players with the option of using 4 tables is ideal for organizing longer tournaments and competitions.

SUMO: There are 2 sumo suits available for fun battles between players in a designated area.

DANCE MATS – 2 PCS: A rhythmic music game with two game boards and a projection encourages players to dance according to the arrows on the screen, while the computer evaluates their perception and coordination for a dynamic experience.

HORSE RIDING TRAINER, ELECTRIC ROCKING HORSE: A horse riding simulator with several preset programs offers a fun experience for children and adults alike.

SUPER5 SAFE: A unique reaction game with the look of an old safe tests speed and accuracy – players must stop 5 red fields within 30 seconds to earn points, with the game offering 3 difficulty levels, 15 speeds, and full customization options.

Teambuilding and celebration activities

ARTIFICIAL CLIMBING WALL: We offer a 6-meter climbing wall with overhangs and routes of varying difficulty, which can also be supplemented with a short cable car for children, depending on conditions.

FOR CHILDREN AND MORE: We offer a varied entertainment program for children and adults – a trampoline with a safety net, a Jungle climbing frame, arm wrestling, riding stuffed ponies, children's buggies, maxiskis, pétanque, sack races, and other competitions and games such as ring toss, can toss, and giant memory games.

FACE PAINTING: We offer face painting services, including all makeup, cosmetics, and small consumables included in the price.

FIREWORKS: We provide professional fireworks synchronized with music for public events, corporate celebrations, weddings, and private parties – with an emphasis on an impressive and unforgettable experience.

MAGIC SHOW: Tom Gryf's Mikromagie magic show is available for an individual price according to the specific assignment and customer requirements.

VERTICAL BOX: An electric maze with a key is an interactive game for young people and adults that tests reflexes and accuracy in an effort to complete the course as quickly as possible and with minimal loss of "lives."
